Homework

# Review Homework

- Ensure you have matrices for all your families
- Use NSF's for the three families
- Come ready to *share your screen* to show a matrix or an NSF... and to be called on!

# Hoosiers Rule for *Family Consultation*

- He means it!

“How many times we gonna pass  
the ball before we shoot?”

“Four!”

THE UNIVERSITY OF  
ALABAMA®

“How many questions we gonna ask before we make a suggestion?”

“Four!”

ALABAMA

BREAKOUT:  
QUESTIONS TO  
ASK BEFORE  
MAKING A  
SUGGESTION

The family would like help with ways to help the child use single words or signs at meal times

List 8 questions you might ask before you say, "Have you ever tried \_\_\_\_\_?"

Same for helping a child walk on grass, during outside time

8 questions before, "Have you ever tried \_\_\_\_\_?"

# Homework

- Continue to work with families on outcomes outside your area of traditional training
  - Use matrix and NSF to do this
- Come ready to discuss what it has been like helping families with EISR instead of OT, PT, SLP, SI
- And with family outcomes
